### **DIRECTIONS FOR USE:**

Feed New Rosedale 16% Poultry Grower-Finisher feed after the poultry starter feed starting at 4 weeks of age for meat and laying birds or as a finisher complete feed for broiler birds. Meat producing chicks will consume about 200-300 grams/bird/day until market weight is reached. Laying chicks will consume about 100 grams/bird/day until the chickens start laying eggs at about 18 weeks old and need to be switched to layer feed. Contact your New Rosedale Feedmill representative for more specific feeding directions.

### **WARNING:**

Do not feed to laying birds in production.

### **CAUTION:**

Directions for use must be carefully followed.

**Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences; therefore, New Rosedale Feed Mill does not guarantee individual results.**
